Installing PaperCut Drivers

Mac OS Instructions:

BEFORE YOU BEGIN, Be sure to have your ethernet cable connected to your MacBook, or be currently connected to HSC Student wifi.

1. From the Mac OS Desktop, or finder, navigate to “Go” and then “Connect to Server”.

2. Enter the server address: smb://lib-prt-01.hsc.ad.unt.edu, then select “Connect”.

3. Enter your credentials as: unthsc\EUID, then use your MyHSC password.

4. Select the “PCClient” volume, and click “OK”.
5. Open the “Mac” folder.

6. Run, or double-click the “client-local-install” setup file.

7. When prompted to “Install PCClient...”, select “Yes”.

8. PaperCut will ask for your HSC credentials. Enter your EUID and MyHSC password to continue. Select “OK”.

9. PaperCut is now installed. An icon will appear at the top right, and a small notification window will show your current balance, and user login name.
Installing PaperCut Printers

Mac OS Instructions:

BEFORE YOU BEGIN, Be sure to have your ethernet cable connected to your MacBook, or be currently connected to HSC Student wifi.

1. From the Mac OS Desktop, or finder, navigate to the Apple Menu and select “System Preferences”.

2. From the System Preferences window, select “Printers and Scanners”.
